

Kreuzberg & Spreeufer Tour

Kreuzberg is one of the most vibrant and diverse districts in Berlin, no other is as international as Kreuzberg. Locals and visitors from 180 countries around the world characterize the neighborhood with endless stories. Our bike tour takes us via Friedrichshain to the Spree and the well-known Oberbaum bridge into Görlitzer Park, a historic railway station, today a key meeting spot for Kreuzbergers from all walks of life.

Oasen der Großstadt Tour

Berlin is big, colourful, lively and at the same time there are many places of peace, bizarre ideas and projects that even many locals don't know. This tour goes through parks and along the waterfront, then back through urban landscapes that seem unreal, behind which unexpected paradises appear and takes us to the scenes of mysterious incidents not found in any history book. This bike tour will reveal one oasis after the next - just the right thing for those who are already well experienced visitors of Berlin.

Street Art Tour

The bike tour is dedicated to the vibrant Berlin art scene beyond museums and galleries. Berlin has always been a magnet and home to artists from all over the world. This is how a lively culture has developed in public spaces, created by people who realise their own ideas of beauty and creativity - anything can become an exhibition space. From classic graffiti to urban farming, we will explore projects in many different places on this bike tour, where the boundaries between approved and illegal exhibits are blurred.
